

## A thing

### What can I know about a thing?

About anything, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about a thing?

## Potato

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Rocket

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Water molecule

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Brain

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Mountain

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## World

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Sun

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Paper

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Pencil

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Pen

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Eraser

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Schoolbag

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Classroom

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Playground

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Book

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## DNA

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## RNA

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Gene

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Protein

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Phosphodiester bond

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Peptide bond

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Ribosome

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Chromosome

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## History

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Light

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Sound

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Atom

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Molecule

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Ion

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Free radical

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Chemical bond

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Electron

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Proton

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Neutron

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Positron

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Photon

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Neutrino

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Magnet

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Electromagnet

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lotus flower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Rose flower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Jasmine flower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Tulip flower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Dahlia flower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Mimosa flower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lavender

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Strawflower

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Coconut tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Banana tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Banyan tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Tamarind tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Bamboo tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Palm tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Sugarcane

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Sandalwood tree

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Computer

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Processor

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Microcontroller

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Software

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Compiler

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Keyboard

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## DVD

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## RAM

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Heart

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Liver

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lung

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Stomach

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lip

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Hip

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Eye

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Ear

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Nose

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Bone

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Nerve

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Neuron

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Synapse

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Axon

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Blood

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Red blood cell

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## White blood cell

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Antigen

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Antibody

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Enzyme

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Insulin

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Cancer cell

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Artery

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Vein

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Kidney

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Testis

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Penis

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Vagina

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Hair

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Face

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Eyelash

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Retina

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Fructose molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Glucose molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Oxygen molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chlorine molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Carbon atom

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Benzene molecule

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Phenol

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cholesterol

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Cell

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Mitochondrion

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Chloroplast

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Chlorophyll

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Hemoglobin molecule

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Iron ore

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Sand

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Pot

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lock

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Key

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Door

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Window

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Wall

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Kitchen

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Bathroom

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Bedroom

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Government

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Law

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Prison

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Parliament

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Society

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Family

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Earthworm

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Housefly

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Cat

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Rat

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Tiger

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lion

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Donkey

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Buffalo

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Owl

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Hen

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Snake

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Monkey

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Snail

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Amoeba

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Human Immunodeficiency Virus

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Information

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## College

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## University

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Action

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Event

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Clock

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Knife

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Gun

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Atom bomb

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Nuclear bomb

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Nuclear reactor

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lorry

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Bus

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Ship

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Airplane

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Love

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Friendship

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Time

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Space

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Voltmeter

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Ammeter

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Battery

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Lux meter

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Wire

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Semiconductor

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Energy

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Engine

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Point

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Line

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Plane

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Volume

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Space

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Vacuum

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Force

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Lens

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Table

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Graph

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Chart

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Map

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Calculator

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Bottle

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Equation

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Operator

**What can I know about it?**

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

**What else can I know about it?**

## Operation

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Operand

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Logic

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Science

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Experiment

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Test

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Analysis

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Synthesis

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Process

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Photosynthesis

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Grinder

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Methane molecule

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Ethane molecule

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## A word

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## A sentence

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## A poem

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Rock

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Soil

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Building

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Cow dung

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Horse

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Elephant

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Electromagnetic wave

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?

## Onion

### What can I know about it?

About it, you can know:

1. its parts,
2. its abundance,
3. its connections,
4. its sensitivities,
5. its forms,
6. its substitutes, and
7. its uses.

### What else can I know about it?
